INVITATION TO THE CONGRESS

Dear Academics, Business and Public Sector Representatives, and Students, As the Department of Health Management at Dicle University Faculty of Health Sciences, we are honored to host the 9th International and 19th National Health and Hospital Management Congress this year.

The main theme of our congress, which will be held in Diyarbakır on October 7-9, 2025, is "Demographic Transformation and Health Management". Health law, health economics, information technology and Health 5.0, disaster management, health policies, and many other topics will be addressed from a national and global perspective.

All sessions will be held in person. We invite you to our congress to shape the future of health management together.

Wishing you a productive and inspiring congress.
